PROFESSIONAL SUMMARY

I am a sophomore at Anurag University pursuing a degree in Internet of Things (IoT) with a strong interest in building impactful and scalable software solutions. I specialize in developing web applications using the **MERN stack** and excel at transforming ideas into real-world products. My focus is on **problem-solving**, writing clean and efficient code, and continuously enhancing my technical skills. I am passionate about exploring new technologies, engaging in innovative projects, and aspiring to become a tech lead capable of designing, building, and leading high-quality software systems.

EDUCATIONS

Anurag University Hyderabad, India <i>Bachelor of Technology in Information Technology</i>	Aug 2024 - Sep 2028 CGPA : 9.18
Narayana Junior College Hyderabad, India <i>Intermediate Higher Secondary Education</i>	Apr 2022 - May 2024 CGPA : 92.5%
Johnson Grammar School Hyderabad, India <i>Secondary School</i>	Feb 2021 - Apr 2022 CGPA : 84%

PROJECTS

ProctorX 🐙 Github 🌐 Website <i>Individual Project</i> - Developed an AI-powered remote proctoring platform with live webcam/screen monitoring, browser activity tracking, and real-time violation detection to ensure assessment integrity. - Implemented secure candidate verification, automated evaluation, integrity/risk scoring, and admin/student dashboards with detailed performance and monitoring reports. Technologies / Tools Used : React, Express, Node.js, MongoDB, Tailwind CSS, Gitea, Docker	Jun 2026 - Jul 2026
RepoSphere-Github_Clone 🐙 Github 🌐 Website <i>Developer</i> - Developed a collaborative Git platform supporting repository management, pull requests, forking, branch workflows, and realtime team collaboration. - Integrated a unique “Learn GitHub” section for beginners and connected a real Git engine using Docker and Gitea, enabling users to perform actual Git operations directly within the platform. Technologies / Tools Used : React, Express, Node.js, MongoDB, Tailwind CSS, docker, gitea, postgres	May 2026 - May 2026
Blog Application 🐙 Github 🌐 Website - Developed a role-based blogging platform with Author and User modules, facilitating blog creation, editing, deletion, viewing, and commenting. - Implemented 80% of core features, achieving ~90% overall functionality, ensuring smooth performance and user interaction. - Integrated MongoDB for data storage and Cloudinary for image uploads, enabling scalable and efficient content management. Technologies / Tools Used : React, Express, Node.js, Tailwind CSS, MongoDB	Feb 2026 - Apr 2026
Eduvance – AI-Powered Learning Management System 🐙 Github 🌐 Website <i>Individual Project</i> - Built a role-based LMS with Student, Teacher, Parent, and Admin portals for lectures, tests, and performance tracking. - Added assessments, flashcards, and progress heatmaps to improve learning efficiency. - Integrated an AI doubt assistant, improving query resolution by ~70%. - Developed analytics dashboards with Chart.js, achieving ~85–90% functionality. Technologies / Tools Used : React, Express, Node.js, MongoDB	Dec 2025 - Mar 2026

PROJECTS

Ambulance Tracking System |  Pallavi-Chiluveru

Jul 2025 - Nov 2025

Developer

- Developed an **emergency routing web system** with **Patient and Driver modules** to connect patients with nearby ambulances quickly.
- Implemented **real-time location tracking and shortest-path routing**, reducing estimated ambulance response time by **~30%**.
- Designed **scalable REST APIs and MongoDB database**, supporting concurrent requests with **~85–90% system reliability**.
- Built a **dashboard to track ambulance availability and request status**, improving operational visibility and management.

Technologies / Tools Used : JavaScript, Node.js, Socket.io, RESTful APIs

SKILLS

Databases :	MongoDB, PostgreSQL, MySQL
Frameworks & Libraries :	Node.js, Socket.io, RESTful APIs, Express, React, Tailwind CSS
Languages :	English, Hindi, Telugu
Programming Languages :	Java, C, JavaScript, html , css, Python
Soft Skills :	Communication, Teamwork, Problem Solving, Critical Thinking, Time Management, Creativity, Leadership, Decision Making, Collaboration
Tools & Platforms :	Git, GitHub, Docker, Linux, Jenkins, GitHub Actions

WORK EXPERIENCES

Hospitality Member | Full-time

Coding Club AU

Jul 2025 - Present

Anurag University

Hospitality Member | Coding Club AU

- Organized 5+ **coding events**, workshops, and hackathons for university students.
- Coordinated a team of 10 for event logistics, registrations, and participant engagement.

Skills : Event Coordination, Communication, Team Collaboration, Community Engagement

CERTIFICATIONS

- **Programming in Java – NPTEL** (Elite + Silver)
Issued Nov 2025
Credential ID NPTEL25CS110S358204437
- **Data Visualization: Empowering Business with Effective Insights**
Issued Apr 2026
Credential ID 698497f5d0f8e67cd412207b
- **AI Agents**
Issued Feb 2026
Credential ID 9854699
